A. APPLICANT HAS BEEN MISIDENTIFIED

The Notice of Opposition identifies the Applicant as Siemens Aktiengesellschaft Corporation (emphasis added). The application has never been owned by an entity with this name. The current record owner of the mark is Siemens Aktiengesellschaft. The mark has been acquired by EPCOS AG, and the new Applicant is submitting the assignment document for recordation.

As Siemens Aktiengesellschaft Corporation misidentifies the Applicant (both past and present), it is requested that this matter be suspended until a corrected Notice of Opposition is filed.

B. TRADEMARK OFFICE HAS PROVIDED THE APPLICANT WITH AN INCOMPLETE COPY OF THE NOTICE OF OPPOSITION

In reviewing the Notice of Opposition, the undersigned has discovered that the Notice of Opposition served by the Trademark Office is incomplete. Initially, the undersigned only noticed that page 3 was missing from the Notice of Opposition, and it has obtained a copy of this page from the Opposer. On further review, she has discovered that page 5 is also missing from the Notice of Opposition. The owner of the mark cannot respond to the Notice of Opposition until it has been provided with a complete copy of the Notice of Opposition as filed with the Trademark Office. Although a complete copy could possibly be obtained directly from the Opposer, the undersigned has become concerned that the Board's record may be incomplete, and believes that it is appropriate to respond to the identical document which is of record with the Board.

Thus, it is requested that the Board provide the undersigned with a complete copy of the Notice of Opposition which is currently in the record, as well as a complete copy of any corrected pleading which is filed by the Opposer. If pages are missing from the Board's copy of the Notice of Opposition, it is requested that the Board indicate this on the copy provided.

C. REQUEST FOR SUSPENSION AND RESETTING OF DATES

In view of the misidentification of the Applicant and the incomplete Notice of Opposition provided to the undersigned, it is requested that the Board suspend the proceeding until a corrected pleading has been filed and the complete Notice of Opposition has been mailed to the proper Applicant. It is also requested that the Board reset the dates for filing the Answer and the discovery and trial periods at that time.

In the alternative, if this Motion is denied the undersigned requests that the Board reset the time for filing an Answer to the Notice of Opposition, to allow Opposer sufficient time to respond to the partial Notice of Opposition which it received.

Respectfully submitted,
